## An Editorial

### BCDC vs. Albany

It seems the Bay Conservation and Development Commission must have more important things to do than to try to make Albany knuckle under.

This city has been under fire from this powerful agency almost from the moment it was created by the McAteer-Petris Act in September, 1965.

The bone of contention between Albany and BCDC has been Albany's stand that it is exempt from BCDC jurisdiction on the grounds that its project of filling 120 acres of tidelands was begun before BCDC was created.

Authors of the bill wrote into it a "grandfather clause" exempting existing projects and told Albany officials it was created for Albany. Also supporting this stand are former Assemblyman Byron Rumford and former State Senator John W. Holmdahl.

Although this would seem an open and shut case with the Albany project forever exempt from BCDC, this city has been badgered, harassed and even taken to court by BCDC in an effort to stop the fill. Albany has won each and every battle, but the winning has occupied days and weeks of time of city officials and staff.

When BCDC high-handedly voted to ask the court for a temporary injunction to stop the fill in 1966, City Attorney Lawrence Saler won a declaratory relief action and the fill continued. At the time, Judge Thomas Caldecott ruled that Albany's fill is a "project."

The latest victory was last Wednesday, when the State Senate Governmental Efficiency Committee unanimously approved a bill authored by State Senator Lewis F. Sherman of Berkeley (SB 1064) clarifying the law that created BCDC by defining "project" so Albany may continue filling because it is, in fact, a project begun (in 1961) before BCDC came into existence.

SB 1064 has now reached the Senate despite vigorous opposition by BCDC, Save the San Francisco Bay association and a San Francisco newspaper, which has written inflammatory anti-Albany articles and editorials.

Unhappily, the opposition has been joined by certain Albany residents who have been influenced by outsiders to turn against their city and attempt to sabotage the project.

Albany's plans to transform ugly mud-flats, formerly little more than a tire-trapping eyesore, into a thing of beauty for the entire Bay Area and a source of revenue to the city deserves the support of all taxpayers.

Our chief commercial-recreational industry, Golden Gate Fields, returns about \$176,000 annually to our city and schools. The landfill could provide additional revenue from related enterprises which would complement the racetrack.

The City Council is not anti-conservatism; it is pro-Albany. Albany is fighting for its economic life and you have a stake in its future.

Because the opposition is so vocal, communications supporting SB 1064 would be appreciated by the Albany City Council, Senator Sherman and Senators Alan Short and Hugh Burns.

## 'Meter Maid' Questionnaires Are Requested

Chamber of Commerce President William A. Johnson has urged merchants and others receiving the questionnaire asking for opinions on the Parking Enforcement Officer to return them as soon as possible.

To date, of the 164 sent out, 55 have been returned. Forty, or 75 per cent, are in favor of the control; 11, or 20 per cent, are not in favor, and four, or five per cent, have no opinion.

"We cannot make an intelligent decision without additional blanks," Johnson said.

## Mayor Richard Clark Will Negotiate on Waterfront

Albany Mayor Richard O. Clark was authorized by unanimous Council resolution Monday night to attempt to negotiate the city's stalemate with Bay Conservation and Development Commission.

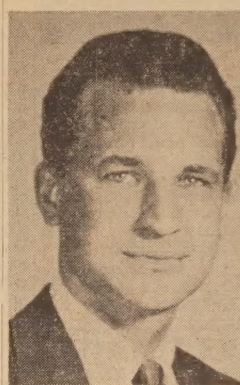

He said he had been approached by representatives of the San Francisco Save the Bay group to see if there is room for negotiation. He added he had no idea what the terms would be, but requested authority to undertake the negotiations without binding the city. Terms, he said, would have to be agreed upon by the City Council.

In related discussions, Clark said there were errors in an editorial published by a "newspaper across the Bay." He said nothing could be further from the truth that the allegation that Albany City Council is operating the landfill as a dump to collect a paltry sum from the operator (income is about \$1,000 per year from operators of the landfill). Clark stressed the landfill is operated to fill the tideland grant.

Clark reported that SB 1064, clarifying Albany's fill as a "project," is about to go on the floor of the Senate. If passed, it will go to the Assembly.

Another bill which will influence Albany, SB 1082, Clark said, will permit increasing the number of days of racing at Golden Gate Fields from 55 to 80 and allow it to occur nearer summer because Northern and Southern California racing can be held at the same time. It also would permit night harness and quarter horse racing and has in it a section permitting cities to have clear authority to tax admissions. This section was requested by Clark and mayors of other cities with racetracks. The mayor said it has cleared the Assembly, would be on the floor of the Senate Tuesday morning and there

## NATIVE DAUGHTERS CANCEL GAMES IN RESPECT TO FOUNDER MRS. PARKER

Albany parlor 260, Native Daughters of the Golden West, as cancelled the Wednesday afternoon "fun games" in respect to the memory of the Mother of the Parlor, Clarissa Whemple Parker, who died suddenly June 5.

Della Madding will preside at the meeting tonight at Maccabees hall, 965 Kalns.

Special guests will be past deputy grand presidents to Albany parlor. Refreshments will be served following the meeting by Mary Haynes and her committee.

Members of the parlor conducted funeral services for Mrs. Parker last Monday at Ellis-Olson mortuary. Mrs. Parker had attended the Native Daughters' meeting the night before her death. She was particularly devoted to the parlor, which she and her mother, Mrs. Laura Som, had organized in 1935.

Mrs. Parker had been a member of Aloha parlor in Oakland before she left it to organize the

group in Albany. She had been an Albany resident for about 30 years and had operated a boarding home for elderly people at her home, 994 Kalns, for about 10 years before her death.

As a member of the Albany parlor, she served as financial secretary for many years and, because she was so clever, served as decoration chairman on many occasions.

She will be missed by all Native Daughters.

### Hand-Carved Ducks At American Savings, Loan

A unique collection of hand-carved duck decoys is now on display at the North Berkeley office of American Savings and Loan Association of California, 1870 Solano Ave.

This special exhibit of hand-carved and hand-painted wild ducks, created by Frank C. Willis of Redwood City, Calif., represents the approximate 27 male and female pairs which migrate throughout California every winter. A few of the ducks are permanent residents of California's marsh lands and Central Valley areas, while others are rare winter visitors to the state's most remote areas.

Willis has been carving decoys for over 30 years. Each duck he makes begins as a block of specially selected, straight grain redwood. It is painstakingly shaped and carved, using only the simple tools available to the earliest craftsmen of this art: hand saw, wood chisel, draw knife, and wood rasp.

The ducks in this exhibit have been loaned to American Savings by the artist for this display. The exhibit is open to the public from 9 a.m. to 4 p.m., Monday through Thursday, and from 9 a.m. to 6 p.m. on Friday. It will remain at 1870 Solano Ave. until July 12.

chestra. In the past she has played with the Berkeley Young People's Symphony Orchestra and the Richmond Symphony, aside from playing in her high school orchestra.

In September, Suzanne will be attending the University of the Pacific in Stockton majoring in music education. She later hopes to transfer to either the San Francisco Conservatory of Music or Eastman School of Music. She is a student of Detlev Olshausen, a member of the San Francisco Symphony.

### Senator Sherman Raps SF Newspaper Story

Senator Lewis F. Sherman of the Eighth District in Alameda County issued a sharp denial that his bill (SB 1064) clarifying the law on BCDC as it affects Albany was "resurrected" because of the death of Senator McAttee.

"These allegations, made June 20 by a San Francisco newspaper writer, are grossly untrue and, intentionally or not, place an unwarranted cloud over this legislation," declared Senator Sherman. "It would have been in bad taste for me to claim a deceased colleague's support of the measure. I feel it equally so for the opponents of the bill to express Senator McAttee's views, when he is no longer here to state them for himself. This bill does not allow any fill of the bay which was not started prior to the establishment of BCDC and thereby exempted from its provisions. The measure has been held in the Senate Governmental Efficiency Committee under submission, where its first scheduled hearing was held after Senator McAttee's death. When it became apparent that the full hearing would be held on June 21, 1967, I notified all interested organizations opposing the measure of the date and the place of the hearing."

"In conclusion, I am basically a conservationist and not an advocate of indiscriminate filling of the bay; I support the BCDC in its efforts to control these operations. However, in this instance I feel that Albany has a good case and the law should be clarified."

### Don Quine Parade Marshall at Fair

Don Quine, star television performer of "The Virginian," will be the grand marshal of the Alameda County Fair parade, it was announced by Doug Cravath, coordinator of the event.

Dick Braden, president of a service organization, anticipates more than 100 entries.

Organizations from throughout Northern California will participate.

Dates of the 1967 Fair are 2 through July 16. In addition to the parade, features of the 15-day festival will include: Maid of Alameda County Fair queen coronation, community day talent show, fireworks, a midway and a NASCAR stock car race.

## Arlington Church Moves Worship To Wednesday

Family worship service will be held on Wednesday evenings during the summer at Arlington Community Church in Kensington to meet the needs of those persons who are out of town on weekends. The Reverend Dan Apra will be in his pulpit each Wednesday from July 5 through Sept. 6, conducting the service of worship, preaching and telling a story for the children.

The church council, under the chairmanship of Hart Spiegel of Kensington recommended the change of time which the Board of Deacons and minister accepted on a trial basis. "The intent," according to the Reverend Mr. Apra, "is not to give way to a secular onslaught but to meet it squarely. The hope and anticipation is that since more of us will be at home on Wednesday than on Sunday, more of us will gather for worship with this new scheduling."

The usual weekly potluck supper which the Arlington church has had for several years will precede the service, starting at 6:15 o'clock. The public is invited to attend the supper as well as the service of worship.

## Hanelt-Fouts Rites

Mr. and Mrs. Robert Hanelt  
(Kristi Fouts)

—The Photo Shop

Double-ring rites in Calistoga Community Presbyterian church recently united in marriage Robert Hanelt and Kristi Fouts.

The bridegroom was an Albany resident and is a graduate of Albany High school. His parents, the Leslie Hanelts, recently moved to San Francisco. She is a public health nurse here.

The bride is the daughter of

Mrs. Emmy Fouts Sands of Mountain home Ranch, Calistoga, and the granddaughter of Ludwig Orth. The bridegroom's grandmother is Mrs. Gretchen Busse, formerly of Calistoga.

The bride's full length gown was ivory satin with a round neck line and chapel length train. She wore a finger tipped illusion veil held by a satin em-

blonded head piece. The bride carried a bouquet of Eucharist lilies.

Mrs. Arlice Stewart of Tucson, Arizona, was her matron of honor. The bridesmaids were her sister-in-law, Mrs. Jo Fouts, the bridegroom's sister, Miss Valerie Hanelt, and Miss Virginia Venninga of Pacific Grove. The attendants wore full length empire style gowns of yellow crepe with a ribbon lace bodice. They carried bouquets of Shasta daisies.

The four flower girls were the nieces of the bride. Lee Eileen, Lenchen and Tara are the daughters of Mr. and Mrs. Thomas Leonard, and Donna, the daughter of Mr. and Mrs. Robert Anton of Santa Rosa. The girls dressed in full length yellow daisy patterned brocade dresses and carried baskets of Shasta daisies.

The groom asked his brother, Peter Hanelt, a senior cadet at West Point Academy, to be his best man. Groomsmen were Robert Grimm, Toby Clark and David Cortese.

The ceremony began with the candle lighting by two of the bride's brothers, John and Richard, the bride was escorted to the altar by her step-father, Duane Sands. The bride's mother wore a pale blue and green paisley sheath with matching coat and green accessories. The

groom's mother wore an aqua blue sheath with a sequined French lace yolk and sleeves and aqua accessories. Both mothers wore thalantopsis orchids.

Following the ceremony, a reception was held at Mountain Home Ranch. Miss Maryanne Pavazza and Miss Darlene Klunkert attended the wedding book. The newlyweds cut a four-tiered wedding cake in the presence of 300 friends and relatives. The cake, from the Puritan Bakery, was decorated with two antique figurines, a gift of the bride's parents. The guests danced to the music of the Eddie Zaro band.

For their departure on a week's honeymoon in Teapulco, Mexico, the bride donned a yellow and white linen ensemble with matching accessories.

Following the honeymoon the new Mr. and Mrs. Robert Hanelt will reside in Pacifica, Calif., where the bride will continue teaching and the bridegroom will begin graduate study at San Francisco State College.

The bride attended Calistoga High school and is a graduate of Sacramento State College. The groom is an alumnus of Albany High school and a graduate of California Maritime Academy in Vallejo.

Special out-of-town guests were Mr. and Mrs. Don Fredrickson of

## Proclamation

WHEREAS, pleasure boating has become one of the America's favorite pastimes. Last year, more than 40 million Americans took to the water in more than eight million pleasure boats. They also added nearly \$3 million to our economy, and

WHEREAS, this growing use of our waters must be accompanied by a greater awareness of safety. For the more boats in use, the greater the potential hazard. If we are to insure the full enjoyment of boating, and to avoid needless injury, loss of life, and destruction of property, we must pay increased attention to the basic principles of boating safety. Only through concerted community effort can boating be made one of our safest recreational sports, as well as one of the most popular, and

WHEREAS, to focus national attention on the importance of boating safety, the Congress by a joint resolution approved June 4, 1958, has requested the President to proclaim annually the week which includes July 4 as National Safe Boating Week; and

WHEREAS, President Lyndon B. Johnson has designated the week beginning July 2, 1967, as National Safe Boating Week, and encourages all Americans using our waterways to learn and observe boating safety practices and emergency procedures, and to minimum the injury, loss of life, and destruction of property resulting from such boating accidents as occur.

NOW, THEREFORE, I, RICHARD O. CLARK, Mayor of the City of Albany, do hereby designate the week beginning July 2, 1967, as NATIONAL SAFE BOATING WEEK in the City of Albany, and urge all who use the waterways to extend courteous treatment to their fellow boaters during this week and throughout the year.

Dated June 26, 1967.

## Every plant needs water.

Everyone knows green plants need water to grow.  
But so do the other kind—the kind with steel beams and  
concrete walls, smoke stacks and elevator shafts.

The people at East Bay Water know the importance of  
water to the industrial community. In fact, water has to be  
considered one of the reasons the East Bay is a prime lo-  
cation for industry on the West Coast.

Right now East Bay Water has enough reservoirs, pumps,

filter plants, water mains, and aqueducts to keep water  
flowing for you and industry for years to come. And we  
are constantly seeking new sources of water so the East  
Bay will always be assured of a plentiful supply.

It's no wonder that every  
year, more and more busi-  
nessmen move to the East Bay  
to watch their plants grow.

## 'Bon Voyage' Theme of Senior All Night Party

'Bon Voyage' was the All-Night Party theme at the Turf Club Golden Gate Fields but the song could well have been 6 o'clock in the morning, as footsore and fancy members of the Albany High graduating class returned to parades in the morning of June 12 in the light of early dawn. This year parents were sleep-soundly, unworried by the national all-night festivities follow graduation. This is 12th time such a party has been planned for Albany graduates (the first was in June, 1955) and parents hoped at that time to establish a tradition mainly to protect the graduates from dangerous trips by sleepy driving. Visiting glamour spots of San Francisco and the Nut Tree for breakfast. Tickets for this affair were available only to graduates and were priced at \$3 for each for seniors and \$3 for guests. Security guards were stationed at the gates to ward against crashers and parties helped by collecting tickets, serving beverages and with food and games.

The Wally White dance band was playing as the students entered until 1:30 a.m. when Twain, a special guest who just returned from the Coast, played the banjo and his home made guitar, his entertainment was a surprise and a treat to the seniors. The "Bachelors," a rock 'n' roll combo over at 2 a.m. and finished at 2 a.m. when all left for home. In addition to the dance bands, the Chairmen, headed by the Landuccis and Al Alvarados, gave beautiful door prizes, such as a portable TV, AM-FM radio,

alarm clock radio, electric shaver and travel alarm.

Decorations were beautiful and unusual. The entrance was a most attractive replica of the world lighted by tiny lights and in color with an airplane by the side. The cookies bar was done in a Holland theme with tulips and small windmills. The juice bar was decorated in a Hawaiian theme with nets and flowers. Mexican pinatas were very colorful as were the fresh flowers, paper flowers and balloons. A decorative board displayed baby pictures of most of the seniors and a cougar was standing on top of the display. Chairmen for the decoration committee were Mr. and Mrs. Herb Niehaus.

General chairmen were Mr. and Mrs. Rex Volheim, assisted by Mr. and Mrs. Larry Dame and Mr. and Mrs. Gillum Freels. Other committee heads included: Mrs. Betty de Luchi, secretary; Mr. and Mrs. Victor Brandt, treasurers; Mrs. Elva Bunch, food; with Arlen LeGates assisting; Mrs. Lucy Sandretto and Mrs. Carol Coring, breakfast; Mr. and Mrs. Jack Hyams, location; Mrs. Fred Lowell, publicity; Mrs. Fred McCollum, entertainment; Will Senior and Julius Bachman, security; Charles Polivka, insurance; Mr. and Mrs. Glenn Finney and Mr. and Mrs. John Casey, hospitality; Paul Michells and Dom Correa, games; Jim Valentine and Arnold Pope, cleanup; Mr. and Mrs. Daniel Scott and Mr. and Mrs. Dalton Greer, souvenirs.

Each committee worker had a son or daughter in the graduating class which numbered 179 students. Each committee chairman is preparing a report of his work and the reports will be compiled into a general evaluation for the use by future committees and by other schools interested in similar projects.

## 'Bon Voyage' for Seniors

SENIORS and their guests were greeted by this large "Bon Voyage" sign and "Commodore" Bernard Johnson, right, as they arrived at the All Night Party at Golden Gate Fields on graduation night. At left are Galen Wolf and Sue Landucci and at center are Chairmen Mr. and Mrs. Rex Volheim. The lovely decorations were the work of a committee headed by Mr. and Mrs. Herbert Niehaus, who created a "USS Albany" in the clubhouse.

THREE OF FOUR valedictorians of the Albany High school class of 1967 look over a copy of their last "Cougar" yearbook before an exhibit of baby pictures of their classmates and a life-size gold cougar. Karen Holzmeister

Karen Marie Holzmeister, 1965 graduate of Albany High school and daughter of Mr. and Mrs. Ralph M. Holzmeister of 538 Madison St., Albany, has been selected the "Outstanding News Reporter" of her college newspaper, the Pioneer.

Miss Holzmeister, a sophomore at California State College at Hayward, was presented a trophy representing her achievement at the annual Pioneer banquet on Friday, June 9. Qualifications for

the selection were, according to Pioneer advisor Dr. John Gotheberg, the ability to find a number of significant news stories, cover them and write interesting, timely stories.

Personalities whom Miss Holzmeister has interviewed include: Gov. Ronald Reagan, Senator Robert Kennedy of New York, ex-Gov. Edmund Brown and Mrs. Brown, Petula Clark, Charles Schulz, creator of the "Peanuts" cartoon strip; classical guitarist Andres Segovia, Richard Goodwin, former assistant to President Kennedy and Johnson; and California State Colleges Chancellor Glenn Dumke.

One of her stories concerning a student protest was in California Intercollegiate Press Association competition, an association representing all state colleges and universities. As a high school senior, the Berkeley Gazette presented her with a scholarship and she won in the feature division of San Francisco Press Club competition for a story on an Albany doctor's visit with Albert Schweitzer. Miss Holzmeister is presently interning at the Hayward Daily Review.

### Letters

Copy of letter to Editor, San Francisco Chronicle:

Dear Sir:

In your Editorial of June 21, 1967, entitled "Don't Let Albany Get Away With It," you mention the State Senators of San Mateo County and Marin County.

Let me remind you that Foster City is built on bay fill downwind from the San Mateo dumps. Also when the tide is out it seems to me that there is great need of fill to cover the shallow part of the tidelands which produce this obnoxious odor.

You speak of Marin County. Have you seen the unsightly

marshes in the Mill Valley area lately? If that does not chill your optics then drive up Highway 101 and take the road to the San Rafael Bridge that runs behind San Quentin, near the quarry and you will see some bay that needs filling.

Before you criticize Albany and Emeryville perhaps you should crusade against the filling of the Bay on both sides of Highway 101 in the Candlestick Cove area. Isn't that San Mateo County? South Shore in Alameda is bay fill, but I daresay there is no home available there for less than thirty thousand dollars.

If California and the Bay Area are to grow and accommodate the projected growth in population, the leaders of these com-

munities should have plans to fill in the shallow parts of the bay and build communities such as South Shore and Foster City and, in the case of Emeryville, high rise apartments with boating facilities in between.

I suggest that you take a ride around our bay in a high bus or one of those high cab-over engine trucks so you can see all the scummy shoreline that needs covering over.

If you pay close attention the Emeryville Industrial Park, and the area north to Ashby Avenue, let me remind you that this in most part was fill.

We need men and newspapers of vision in this area. With that thought in mind I say more power to men like State Senator

Lewis Sherman, and let us abolish the Bay Conservation and Development Commission. All they have conserved is crud and smelly mud on our shorelines. About all they have developed is a stipend for the members of the commission.

Why should we cover valuable farm land with tract homes and freeways and leave those ugly shorelines?

Replace the Bay Conservation and Development Commission with men of vision from the big building and construction firms.

Editor, the Times:  
I wish to express my sincere

appreciation for the coverage you have so generously given to announcements of our adult education program. It is truly a public service that is appreciated by the many students who attended the adult schools in Oakland.

We are always striving to extend our program to all areas of the community and consider your newspaper as a major means of achieving this objective.

We shall be looking forward to working with you next year.

Sincerely yours,  
KENT FRIEL,  
Principal

Editor, the Times:  
I wish to thank you for that very excellent notice you had in the Albany Times issue of June 7,

Ralph Jensen, a recent Supreme Court Justice, has become a member of the Albany Area AARP. It has become a point where they are in our society and they turn in the sit and hope alarm, that way

The Father's Day dinner at the Center on June 21 brought out many tasty dishes from the ladies who are known for their culinary arts in the kitchen. There was plenty of food for all who attended.

Following dinner, the ladies gave the men a lively rendition of "For He's a Jolly Good Fellow." When the dishes were cleared away, cards were enjoyed until 7 p.m.

As with most organizations during the summer, there is slight lull in activities now. However, the crafts class on Wednesday and community service work on Fridays are active. Dinners and pinocle are Tuesday evening features.

Due to the July 4th holiday, the next business meeting will be July 5 at 1:30 p.m.

The trip to San Francisco today to the Goodwill Happenin' promises to be interesting. The trip to the Ice Follies on July 1 is also creating much interest.

A mystery trip is in the offing Aug. 25. Surprises and thrill which have never been offered before are promised. Call 52-3078 for details.
